SIP Trunking

Internal number transfer

Company name	
Contact name	
Email address	
Contact number	
SIP endpoint reference (optional)	
SIP endpoint site location	

Please enter the SIP endpoint reference or the site location of the SIP endpoint.

Instructions: This CRF (customer request form) is submitted to unifyorderfulfilment@o2.com

This CRF is for porting an existing customer number or number range to an active SIP Trunking endpoint

The following information will be required to complete this CRF.

1. Terminating SIP endpoint reference, if available
2. 999 details for the DDI range,
   - Address location for the DDI range (indicated on your current bill)
   - Contact details (please include a 24*7 contact where possible. for example building security).
3. All porting charges can be viewed from the following location

Notes:

1. Internal number transfers are a best endeavours process and the stated downtime cannot be guaranteed.
2. Please allow up to 5 working days for completing of the transfer following confirmation of order acceptance.
3. When completing an internal number transfer the customer may transfer all or part of a number range
4. Internal transfers are unrestricted in terms of number ranges so the request can be for a single number from the range if required or some of the range or all of the range.

SIP Trunking Oct 2018 version 1.1
